## Greetings From Our President Becky McOmber

Greetings Fellow Members of University Women!

I seem to begin each of my messages to you with a comment about how quickly time goes! It is so true, however, and now my time serving as President of our organization is almost over. I have enjoyed this role very much, especially working closely with the members of our governing board. I was told that I would have fun and that the year would go fast; how accurate that statement was! So, if you are considering becoming more involved, I would encourage you to answer 'yes' if you are asked to serve on our board. You won't regret it!

Members of our interest groups have been enjoying each others' company as they have been meeting regularly throughout these past several months. As we move into Spring and then Summer, two special seasonal events are already scheduled for your further enjoyment. Please make note of these upcoming events that are highlighted elsewhere in this newsletter. Mark your calendars now! I, along with the other members of our board, am looking forward to seeing as many of you as possible!

Becky McOmber  
President 2023-2024

## Message from Our Incoming President

Hello everyone,

As the President-Elect, it has fallen to me to work on University Women of BGSU's 100<sup>th</sup> Anniversary Fall Brunch. I am pleased to announce that this year's event will be very different from past years as BGSU President Rodney Rogers has graciously agreed to host our group at the University House on Wintergarden Road. This lovely event will take place a week earlier than usual on August 17, 2024 from 10:00 am to 12:00 noon. So, please mark your calendars accordingly. Additional details of the event will be relayed as they become available.

Looking forward to springtime,  
Lee A. Field-Starks  
President-Elect, UW of BGSU
